

Seat Deposit Payment Options

Before making your Seat Deposit, you must activate your Syracuse University NetID. You will need your 9-digit SUID number to complete this process. Your SUID number, deposit amounts and deadline dates can be found on your admissions letter and email.

To “Activate your NetID”, go to: <http://its.syr.edu/netid/>

- **Credit and Debit Card**

Online payments can take up to 2 business days to post to your account. Please plan accordingly.

- Log in to MySlice at <http://myslice.syr.edu>
 - [Multi-Factor Authentication \(MFA\)](#) is enabled for all Syracuse university faculty, staff, and students including admitted students. You will be prompted to enter your SYR email address (your NetID + @syr.edu), and the password you just created when activating your NetID.
- After logging into your MySlice account, go to “Law Seat Deposit” tile.
- Click on “**Make a Payment**” then select the “**Advanced Deposit, LAW/SUA/GRAD**” option and then enter in the deposit amount listed on your admissions email.

*Please note – you may need to turn off your pop-up blocker to prompt the payment screen.

- Transact Integrated Systems, an independent third-party contractor that accepts tuition and other payments made using credit and debit cards, charges a non-refundable convenience fee based on the amount charged. The convenience fee is 2.75 % (for payment with a credit or debit card) of the amount charged (with a \$3.00 minimum convenience fee for transactions between \$20.00 and \$109.00.) This fee is established and charged solely by Transact Integrated Systems and not by the University. The convenience fee is paid in full to and retained by Transact Integrated Systems; the University does not receive any of this fee. The charge for the convenience fee will appear separately from the payment on your credit card statement.
- **Having trouble making your credit or debit card payment?**
 - Disable pop-up blockers
 - Try another browser (ex. Internet Explorer will not work)
 - Change machines (ex. Try a PC instead of a Mac)
