

# Syracuse University College of Law

**How to use this list:** You should pick a few titles that are of interest or that address a particular area of concern and read them at a leisurely pace. **You should not** try to read every book on this list, nor should you buy every book on this list, such an exercise would be redundant as many books cover the same topics. If you want to read a few titles for fun, that's okay too. <sup>1</sup>

*Law School Confidential* by Robert H. Miller
